DETAILED ACTION

1. Claims 5 and 15 are pending in the present application.
2. Claims 5 and 15 have been amended.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claim 5 is are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claim 5, the following limitation is vague: a *security profile corresponding to said user-id* whereby said data base management system *permits* said *user terminal* to access said first data table **if and only if** said security profile corresponds to access to said first data table and **prohibits access** to said second data tale **if** said user-id *does not correspond* to said second data table; b) **wherein** said security profile corresponds to said first data table and *does not correspond* to access of said second data table [note claim 5 lines 1-15]. The logical relationship between the elements of the claim is not clear. It would seem that the security profile should correspond to the user-id to access said first data table; instead of the limitation "corresponds to access to said first data table".

Regarding claim 15, the following limitation is vague: "accessing said security profile as corresponding to said command language script" [note claim 15 lines 21-23]. Comparing with regards to access is based on comparing the security profile with the user-id as per step "c"; it would seem that the comparing step is based on execution of the command language script and not a further encompassing or means of the limitation.

Allowable Subject Matter

5. Claims 5 and 15 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Response to Arguments

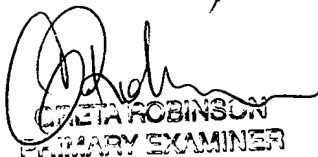

6. Applicant's arguments, see page 11, filed December 27, 2004, with respect to the rejection(s) of claim(s) 5 and 15 have been fully considered and are persuasive. Therefore, the rejection has been withdrawn. However, upon further consideration, a new ground(s) of rejection is made in under 35 USC 112 second paragraph.
